My Dear M. Mazerolle:

I am anxious to ascertain what coins have been struck at the Paris Mint since 1915 for Aethiopia, and whether the French Mint still makes dies for the Addis Ababa mint.

I have seen in recent years two or three proof gold coins of 10-talari value but can find nothing in any records about them. Do you know when they were struck? And how many were made? I suppose they were made at the Paris Mint.

Very truly yours,

Curator
